Figure 1: A line graph showing the percentage of respondents who believe that the use of force is justified in various circumstances. The x-axis represents the percentage of respondents who believe that the use of force is justified in various circumstances, ranging from 0% to 100%. The y-axis represents the percentage of respondents who believe that the use of force is justified in various circumstances, ranging from 0% to 100%. The graph shows that the majority of respondents believe that the use of force is justified in various circumstances, with the highest percentage of respondents believing that the use of force is justified in the case of a violent crime (approximately 85%).
